

First Baptist on Fifth's Scriptural Goals for Mission:

Charity - The immediate provision of life-sustaining needs particularly food, housing, and medical care to those whose income is insufficient to provide for such needs.

Community - Rising equality through the sharing of our communal goods within our congregation, amongst other churches or our neighbors, greater participation in worship, and reconciliation marked by unity over division.

Justice - The holistic growth of all people and the more just uses of the means necessary to sustain their flourishing

Transformation - Growing in commitments to discipleship, baptisms, spiritual formation, joining the life of a congregation, and acts that serve others

Request Information and Alignment With Goals

Please include a detailed breakdown of how the requested monies will be used and describe how your request specifically furthers the work of missions and fulfills some or all of the goals above. What results do you expect from the funding received?
